

# SINOTHANDO DYOLISI ROADMAP

<b>4 TUESDAY - 7 MONDAY</b>	<b>I did my coding on VCS started with html and css. I started with the first page home and about pages. Styled them well. Inserting photos that are needed for the project. Started with JavaScript coding.</b>
<b>10 MONDAY WHOLE DAY</b>	<b>I pushed the three other pages which are testimonials, services and contact form. Styled them using VCS and I used a little bit of photoshop on the pictures thatli had to use.</b>
<b>11 TUESDAY - 12 WEDNESDAY</b>	<b>I watched videos of Firebase and registered and at the side I did my markup.</b>
<b>13 THURSDAY</b>	<b>I did my roadmap and added my g-recaptcha. I registered in node and firebase. Doing some touch ups.</b>
<b>14 THURSDAY</b>	<b>I was up and down checking the list that did I complete everything required. Then i hosted my website on Netlify.</b>
